

Thematic Seminars on “Gainful Use of TSA 2021 Materials”

Students’ Overall Performance of Participating Schools

Overall Conclusion

Learning, Teaching & Assessment (LTA)

- Assessment is an integral part of curriculum that cannot be separated from learning. The idea of “assessment for learning” is not new.
- “Assessment for learning” occurs in the learning and teaching process where teachers collect ongoing information about student learning, diagnose difficulties and provide timely and quality feedback for students to improve learning. The information collected also helps teachers improve learning and teaching and plan for follow-up actions.

Various Resources for LTA Cycle
